Docket No.: PTGF-03106US

HIR.157

REMARKS

Claims 3-4, 9-13, 17-25 and 30 have been amended to delete multiple-

dependency. The Specification has been amended to place in better condition for local

practice and to correct obvious error. No new matter has been added.

It is noted that the claim amendments herein are made only for more particularly

pointing out the invention, and not for distinguishing the invention over the prior art,

narrowing the claims, or for any statutory requirements of patentability.

Further, it is noted that, notwithstanding any claim amendments made herein,

Applicant's intent is to encompass equivalents of all claim elements, even if amended

herein or later during prosecution.

Early, favorable prosecution on the merits is respectfully requested.

Please charge any deficiencies in fees and credit any overpayment of fees to

Attorney's Deposit Account No. 50-0481.

Respectfully submitted,

Sean M. McGinn
